## Recent Reports & Publications Indexes

AINZ no longer carries a list of recent consultancy reports, but Heritage New Zealand maintains the Digital Library of consultancy reports, copies of which can be emailed (or sent via Hightail.com for large files) on request. More information and the excel spreadsheet of the library contents can be found at: <http://www.heritage.org.nz/protecting-heritage/archaeology/digital-library>

The New Zealand Archaeological Association also maintains an archaeological report library. Scans of this collection have been included in the HNZ Digital Library, but any other enquiries can be directed to Nicola Molloy (nmolloy@doc.govt.nz).

Another valuable resource is the National Library's *Index New Zealand* (INNZ), which is a database that indexes articles from research, trade and general interest journals about the NZ and South Pacific region. Entries include a brief abstract. The INNZ database is at: <http://innz.natlib.govt.nz/>
